IOWA COMMUNITIES RECEIVE \$1.3 MILLION IN HOUSING GRANTS

(DES MOINES, IOWA) – Communities in Iowa were recently awarded nearly \$1.3 million in affordable housing grants. Used for down payment, closing cost, construction or rehabilitation assistance, these funds were granted by the Federal Home Loan Bank of Des Moines (FHLB Des Moines) through its Affordable Housing Program (AHP). The seven projects slated for completion with these grants will create 232 affordable housing units and have an economic impact of almost \$1.5 million in the state of Iowa.

The Affordable Housing Program is a twice-a-year competitive grant program. FHLB Des Moines member financial institutions partner with community development organizations to compete for AHP funding. Grants are used to provide rental and homeownership opportunities for individuals and families at or below 80 percent of the area median income.

In total, FHLB Des Moines awarded 25 projects more than \$7.3 million to assist with the creation of 1,071 affordable housing units throughout Iowa, Minnesota, Missouri, North Dakota and South Dakota. Attached is a complete listing of Affordable Housing Program grant recipients by state. Below is a state summary of the most recent AHP round.
